Rape victim settles for \$3 million

THE ASSOCIATED PRESS

HOUSTON - A female resident of an apartment complex is collecting \$3 million from the apartment management company as settlement of a lawsuit she filed after she was raped by another

The 28-year-old woman, identified only as Rebecca, sued Duddlesten Management Corp., Greenway Gardens Apartments and their security firms because her attack could have been prevented, the woman's attorneys

The man convicted of rape in

the case, Eddie Frazier, is serving a 25-year prison term.

Testimony showed Frazier grabbed the woman Aug. 1, 1989, in a dark hallway and forced her at knifepoint into her apartment where he tied her up with pantyhose and a telephone cord and raped her.

The woman's attorney, Susan Hiatt, said Wednesday that Fra-zier never was subjected to the usual tenant checks because he had a co-signer on his original lease in 1984. She said as early as October 1988, management suspected Frazier was pawning items to support a drug habit and

neighbors complained people were going in and out of his apartment at all hours.

In March 1989, management suspected he had broken into another resident's apartment yet they did not call police or warn residents, she said.

Ms. Hiatt contended the neigh-

bors' complaints would have been enough to evict Frazier.

"Instead of taking the \$285 rent from this man, they should have thought about the well-being of their residents," she said.

A statement released by Dud-dlesten said Frazier had done

nothing to breach his lease.

Clinton wants to use federal money to help more defense-ori-

ented companies develop similar "dual-use" programs.

Wowed by the high-tech projects on display at the plant, Clin-

ton stared at the inside of an electric van. "I love it," he said.

The first money for Clinton's package comes from a \$1.4 billion appropriation approved by the Congress last year but not spent by the Bush administration. Reiterating a promise he made last month, Clinton said he will take another \$300 million from other cuts, and \$182 million will be federal programs to make \$1.7 bil- \ spent on new technology.
