Sponsored by M.S.C. Hospitality

Barone anxious for season to start

By Michael Plumer

THE BATTALION

Tony Barone is entering his third season as the Texas A&M head basketball coach and Southwest Conference coaches have predicted it will be the charm.

In a poll of SWC coaches, the Aggies were picked to finish second behind the University of Texas.

Barone said the predictions prove only one point.

"I am not a big fan of the polls and I don't put any stock in them, but it gives us a chance to recognize what others think of us," Barone said. "But it shows coaches know even less than sportswriters."

All kidding aside, Barone said he expects this team to be the best of his tenure, by far.

Senior point guard David Edwards and junior forward Damon Johnson, the team's leading scorer and rebounder, return to give the Aggies court leadership.

Barone

But Barone said he was most excited about adding a few new Aggies on the hardwood. Freshman recruits Chris Pulliams, Jimmy Smith and Anthony Burks and junior college transfers Joe Wilbert and Roy Willis will provide a luxury Barone has not previously enjoyed, depth.

"We have added athleticism," Barone said. "The kids are fine athletes, but the most important thing they have added is competition."

"They are unselfish and willing to play defense and run the court."

The past two seasons Barone has had to deal with scholarship limitations due to punishment by the NCAA for violations occurred under former coach Kermit Davis.

But now the restrictions are behind him and Barone said he is ready to take advantage of the situation.

"The last two years we have been like a little smart-aleck in that we slapped you and ran away," Barone said.

"I would like to be the bully and we will see we have the ability level."

The first chance Barone gets to view his charges will be at 8:00 a.m. Saturday when the Aggies open practice.

McElroy

Continued from Page 7

"It gets me mad," Toledo said with a smile. "I've never seen anything like it. We're all teasing him, telling him to let the other guys play. But seriously, it was a great position to be in."

McElroy is currently the nation's leading kickoff returner, averaging 35.5 yards per return, but said that this honor won't keep him from continuing to work hard at his job.

"Anytime you're at the top, you're going to want to work hard to stay up there," McElroy said. "But I think that it's definitely a credit to our kickoff team as well."

McElroy, with his 93- and 88-yard returns for touchdowns against the Owls, has also earned a unique honor. No player in A&M history has ever returned two kickoffs for scores in a single season, much less in a single quarter. McElroy is now the charter member of the club.

Due to his efforts, the Beaumont Central product has joined the company of a Rocket. Former

Notre Dame All-America wide receiver Raghib Ismail had been the only freshman to ever accomplish the feat.

McElroy said that he was not shocked he had an opportunity to showcase his kick-returning ability.

"I was surprised to score twice, but we have the personnel to do it," McElroy said. "We have the ability to make the blocks and get the ball down the field."

However, McElroy has not used all of his talents on kickoff returns. This season he has accumulated 10 touchdowns, which ties him with fellow running back Rodney Thomas.

Toledo said that McElroy is an explosive tailback.

"When he touches the ball, he makes things happen," Toledo said. "He is an elusive runner, he makes people miss and he is deceptively fast."

"He doesn't look like he's fast...until he turns on the jets."

Toledo also said that McElroy has accepted his real role on offense, playing third string tailback behind Thomas and Greg Hill.

"We've got two great tailbacks in front of him, so it is hard to get

him in there some of the time," Toledo said. "Somehow, we've got to get him in there to take advantage of his ability."

But Toledo said there have been no complaints from McElroy about his place on the team.

"Like any great player, he wants to play more and I respect him for that," Toledo said. "He realizes the situation of being a player, but whenever he gets a chance, he makes the best of it."

"We are trying to find ways to get him more involved because he's a big play guy. He's doing a great job for us. He's going to be a great one."

McElroy said that the possibility of earning this year's Southern Conference Newcomer of the Year award is not a goal of his. McElroy said he puts his main emphasis on being a team player and focusing on weekly preparation.

"I'm just a team player and individual goals will take care of themselves," McElroy said.

"What's important is that we don't play up to our level of ability, we could lose to anybody."

"If we're not prepared, we can be beat by anyone on any given week."

Mitchell

Continued from Page 7

As a senior, Mitchell is coming face-to-face with the end of her career. She said she sees her goals very clearly now.

"I'm ready to graduate, pass the CPA test and go to work," she said. "But right now I want to win the conference."

"Beating Texas would be great for me and all of

the seniors, and a national championship would be so awesome, I really don't even know if I can imagine how great it would be."

"But right now, the conference ring is what I'm shooting for."

Mitchell and the rest of her teammates will have a chance to move one step closer to that jewel tonight.

A&M is currently in second place in the conference with a 6-1 mark and trail first place Texas by a game. A win against the Owls would set up a showdown between the top two teams in College Station on Wednesday night.

Winder

Continued from Page 7

Michael Jordan retire before the start of the 1993 season?

A. He had nothing left to prove

B. Already had enough money to keep his children's grandchildren rich

C. Wanted to spend more time with his family

D. Decided to chase his dream of a CBA title

6. What is Houston Oiler offensive line coach Bob Young's favorite comparisons?

A. World War II to a NFL football game

B. Apples to oranges

C. Testosterone to success in women's tennis

D. Tiffany to Debbie Gibson

7. What bowl game did Wisconsin win in 1988?

A. The Massengill Liberty Bowl

B. The Rogaine with Minoxidil Freedom

Bowl

C. The Preparation H Independence Bowl

D. The Manute Bol

8. What horse won the 1979 Santa Anita Derby?

A. The Elmer's Glue Mascot

B. Secretariat's Third Cousin On His Mother's Side

C. Mr. Ed

D. John Elway

9. Which of these things are more exciting than the Baylor offense?

A. Sloths mating

B. Playing with your

toes

C. Late Night with Conan O'Brien

D. All of the above

10. What is David Winder doing instead of writing his column?

A. Applying for Cheerleader of the Year 1994

B. Making a guest appearance on Barnes and Friends

C. He's not wearing pants

D. Babysitting for the Houston Oiler's offensive tackle David Williams

ATTENTION DECEMBER 1993 BANA GRADUATES!

OWEN WILL BE ON CAMPUS NOVEMBER 4TH

Sign up NOW!
Programmer I
(3 Positions)

We're Owen Healthcare, Inc., the nation's leading hospital pharmacy provider. We're making our presence felt nationwide with 270 locations in 41 states and with 2700 employees. Our 20% growth rate for the past 24 years has opened the door for advancement in our ITS (Information Technology Services) Department. We presently have 3 position openings to start in January 1994. All positions will be located in our Corporate Office in Houston, Texas.

As one of our Programmers, you will be responsible for performing enhancements and maintenance to existing programs, help develop and create new programs in various application areas, and develop and modify system and user documentation. You will work in a Novell LAN environment with our state of the art equipment on challenging assignments. All of our programmers are trained in Object Oriented Programming and work in a private office - not a cubical. Our department is made up of fun people with outgoing personalities who are very team oriented.

Qualified applicants should have a Bachelor's Degree in BANA, 0 - 1 years of work experience developing PC based relational database applications. Any knowledge or experience with OOP (Object Oriented Programming) or working in a LAN environment is a strong plus! All candidates should have excellent communication skills and a high degree of professionalism.

Owen offers excellent pay and outstanding benefits including: company paid medical, dental, and life insurance, an employee stock ownership plan; an onsite work-out weigh room facility; paid holidays; a credit union; a 401 K plan, tuition reimbursement and much more!!

Sign up in the placement center by Noon on October 28, 1993. Preselection will be chosen from the overflow list.

For every person alive today, there are 10 ghosts who are really pissed off.

And they're ready to party.

Get ready... 'cause we're gonna turn the Globe upside down for Halloween! That's right, it's the first annual **Dance Of The Dead**. In addition to drink specials that are worth coming back from the grave for, there'll be a **\$1,000 Costume Contest!!!** You'll also want to bring an extra pair of underwear to change into after you go through the Kappa Alpha Haunted House (proceeds to benefit the Muscular Dystrophy Association). Plus, if you're brave enough to go through the Haunted House, we'll give you a break on cover.

Don't dance with a dud...
