Byrd

Continued from Page 4

"Monticello" to elude British cavalry during the Revolution, his marriage, relations with his parents, and his quarrels with Alexander Hamilton, John Adams and George Washington. But the heart of Byrd's character study is Thomas Jefferson in Paris at work as a diplomat and at leisure - though Jefferson's leisure was intense enough to be work for others.

Witches

Continued from Page 4

the backdrop of the L.A. riots to form a new zombie persona. His zombie character is not a brain-eating monster that returned from the dead through voodoo, but a child who no longer wants to deal with life.

"The Ultimate Witch" has the same genre of stories. Set against the glitz of Beverly Hills and the

Here the author breathes life into Jefferson as he met such notables as the Comtes de Buffon and Chastellux, Jonathan Trumbull, John Paul Jones, and visited markets, booksellers, art galleries and palaces.

All these form the backdrop against which Short observes and ponders Jefferson's relationship with Maria Cosway. Caught in a marriage which had lost its love, the Anglo-Italian miniaturist was enraptured with the widowed Jefferson. Maria was everything the Virginian sought in a woman, but a debate between his "head" and his "heart" resulted in his decision to end their relationship. Short judged that Jefferson ended his af-

fair with Cosway "cruelly" finds his mentor lacking other ways. When pressed for an answer, Short denied rumors of a love affair between Jefferson and one of his slaves, but admitted his decision based on emotion not evidence.

The book ends on this ambiguity. An engrossing read with no definitive answers provides something of the sense of the texture, shading nuance of Jefferson's character. Byrd has combined information from contemporary letters, diaries and anecdotes with wit and an engaging prose style to produce an unsurpassed portrait of Thomas Jefferson.

poverty surrounding it, two abandoned children taken in by a gypsy who quickly transforms them using drug-lined gingerbread into bookends.

If these topics are too dark for your liking, books offer others ranging from a love story between a witch and a mortal, to a fantasy boy who could protect people's lives through tling wooden images of them, to a comedy an out-of-work comedian who tells jokes from a mortuary.

The writing will grab you, the stories will surprise you and the fear of the unknown and suspense will keep the stories in your memory for days.

then some, but when their hillbilly culture clashes with the stuffy California way of life, it's worse than a kangaroo stuck in an Arkansas pig farm.

With the rest of the cast full of famous comedy stars like Lily Tomlin, Dabney Coleman, Lea Thompson and Rob Schneider, each scene is filled with quality humor.

The characters who stand out the most are the sixth-grade educated Jethro (Bader), the sweet tomboy Elly May (Eleniak), and of course the feisty Granny (Leachman). Who would have guessed the flaky girl from "Under Siege"

(Eleniak) could act like a bookend get away with it?

Seeing this family in a wagon flick off a car load of pies in the midst of a Beverly Hills traffic jam, cause a parent so Granny can see a good lookin' road kill in front of her street, and bow in silence to a sight of a black limousine leave even the biggest skeptics in tears from laughing.

With dashes of slapstick comedy, a most unpredictable array of talented actors and an array of talented actors, Beverly Hillbillies "is one of the whole family can enjoy."
