# Kaplan finds magic formula.

Proof that no one knows tests like Kaplan:

Kaplan has found a pattern behind **GRE** Pattern Identification questions—a way for you to get them right nearly every time. In seconds. Even if you don't understand the question. And because the method works best on harder questions, you have more time to work on the easy ones.

And, with the largest staff of researchers in the industry—spending \$2 million a year analyzing the tests—you have to expect this sort of thing. Kaplan has "broken the code" on three other question-types since 1982, contributing to the removal of those questions from the tests.

## All of this means you score higher.

It's just one aspect of Kaplan's Total Training method for raising your score—part of the world's greatest arsenal of test-taking techniques, reasoning skills, content review, and practice tests.

With Kaplan's help, you could know the tests better than the test-makers.

To learn how we did it, call 1-800-KAP-TEST.
