President

Continued from Page 1

English and American literature from Brown University and a law degree from the Yale Law School.

Prior to his term as vice chancellor for academic affairs and dean of faculties, he served four years as vice president for stu-

dent and minority affairs and has been chair of the Association of Big 8 Universities since 1992.

Proenza has a bachelors degree in psychology from Emory University, a master's degree in psychology from Ohio State University and a Ph.D. in neurobiology from the University of Minnesota.

Previous to his position as vice president for academic affairs and research for the University of

Alaska System, he served as vice chancellor for research and dean of the graduate school at the university and also served as assistant to the president at the University of Georgia.

Each candidate will be interviewed by Mobley, select members of the University community and the Board of Regents.

The final decision will be made before this summer, Leslie said.

Interim President E. Dean Gage, who pulled his name from the list of applicants Wednesday, said he will continue performing the duties of president until the final decision is made and the new president is ready to take over.

Gage said he is optimistic about his future in teaching, but he has not decided which field he will go into.

"I'd like to consider areas

dealing with leadership, motivation and organizational skills. I won't rule out my home field which is veterinary medicine," said.

Gage is uncertain about what he will assume a new position and he said he has a lot to discuss with his family before making final decision.

"I have to look at a number of options," he said. "It's still early for me right now."
