Requirement

Continued from Page 1

Bowen has assigned the proposal to a committee, so it may be a while before it is approved, he said. "This is a very divisive issue," Bowen said, "so I will talk to groups on campus and make sure they understand this is a positive thing."

Bowen agreed with Weichold that many who do not support the requirement do not understand it. "They think it is meant to divide cultures, but that is not the case," he said. "When people understand this, they tend to support it."

ATTENTION GRADUATING SENIORS

Universal Computer Systems & Ford Dealer Computer Services have teamed up to provide the most innovative software & hardware available to auto dealers worldwide. Last semester we hired over 30 recent graduates through our college recruiting efforts alone. Our philosophy has always been to hire at the entry-level and promote from within based on performance. We set goals for each individual to help build a strong, challenging career path. We offer competitive entry-level salaries and an excellent benefits package.

Employees come from a variety of backgrounds, many with no previous computer experience. Thanks to our extensive training program we are able to offer opportunities for Business, Information Systems, Liberal Arts and Science majors.

Reception for Graduating Seniors
Monday, October 24th
4:00 - 7:00 pm
MSC Rooms 205 and 206

UCS

Plan to stop by to discuss opportunities available at UCS/FDCS with company representatives and A&M alumni. Dress is semi-professional. Company literature is available in the Career Placement office. UCS/FDCS hires only non-tobacco users. EOE.

The University of Costa Rica has developed an undergraduate curriculum for English speaking students in an effort to increase access and exposure to Costa Rica's tropical environment.
