Peter Murphy has always relied on image to get his music across. At times, he has seemed the vampire, other times the Gothic prophet speaking of another world

While this worked to sell records, the image of "Peter Murphy" grew too large, overshadowing the actual person.

Murphy set out to remedy this situation, dissolved his backing band of seven years, The Hundred Men, moved from his native England to Turkey, and spent time collecting his thoughts.

He emerges from his sabbatical with Cascade, an album to show the world the true Peter Murphy. Cascade finds Murphy continuing to delve into the depths of the abstract, yet somehow maintaining a friendly pop sensibility.

Cascade combines the deft lyrical skill of his 1990 album Deep, with the danceable computer programming of 1988's Love Hysteria, and includes the same atmospheric qualities of his last album, Holy Smoke.

It seems as if Murphy's voice only gets better with age. His trademark baritone is strong yet versatile. The "Peter Murphy sound" is as apparent on Cascade as it was on Deep - he still beds the tracks with a lowpitched vocal, and then sings over it with his David Bowie-like lead.

Murphy borrows a little bit more from Bowie on songs like "Gliding Like a Whale," which features experimental background sounds indigenous to Bowie's Heroes album. Like many of Murphy's songs, "Gliding" describes the abstract - "It only takes the time between here and there for landing in another place / Saw your shadow fleeting in the corner of my eye /

Your feet were skimming the sand as the sun bega fly.

He comments in a press release, "Oblique imager used purposefully to be non-specific because if you an idea when you describe it, the idea dies."

Murphy echoes his earlier gem, "Cut's You Up," the lyrical sequel "The Scarlet Thing in You." W not as dark and moody as "Cut's You Up," the song fers Murphy another chance to show his hit songw ing potential. The lead guitar is reminiscent of Cure's "Just Like Heaven," as it spirals in and ou the melody.

"Disappearing" is of the same vein as Holy Smith "Keep Me From Harm" — crunchy, guitar driven. "It's about the disappearance or the loss of one's

ersonality within a partnership, within your ma Murphy says Murphy explains that he attempts to write a

love in a certain fashion.

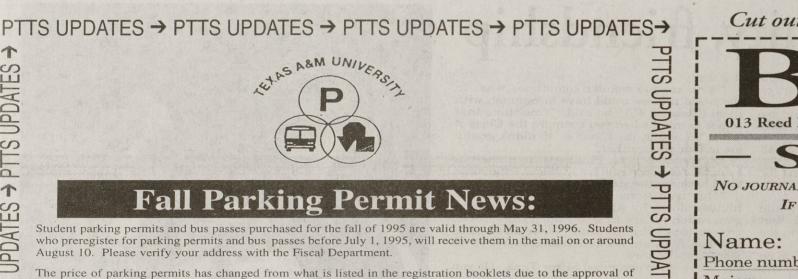

"I do it in a way that offers a set of images and lage of words that attempt to explore a wider con he said.

"Disappearing" is also the one track on the all that Murphy slips back into the groove of his prework with Bauhaus.

Murphy should be congratulated on his willing to continue to experiment. In a time where dis guitars are essential for a hit, and keyboards taboo, Murphy fearlessly compliments his songs

the buzz and whir of computer-generated sounds. "I'll Fall With Your Knife" could be a harbin the fate of music post-1995 with its brilliant mixtu guitar and computerized noise. The song is a relig experience with its prophetic lyrics and the monk-chant of the refrain. "Oh, like winter in July/Abar river wide / I pray for the flood to wash on you/ here I'll be with you," Murphy sings. Peter Murphy albums have always been powe

but are often quickly found in used-CD bins. However, Cascade should avoid this fate. It contains many so that the listener will simply want to have near.
