This is the LONGEST line I've seen here in a while! I hope this works.

Have faith in the old guy, Brenda. You've known him all your life! Has he let you down yet?

I want an 'A' in organic and physics, a bigger financial aid check, to graduate in at least 5 years.

Great, not another one...

HAVE YOU BEEN NOTICING STRANGE THINGS LATELY?

YOU MEAN LIKE THIS SWARM OF LOCUSTS?

YEAH, AND THIS RIVER OF BLOOD?

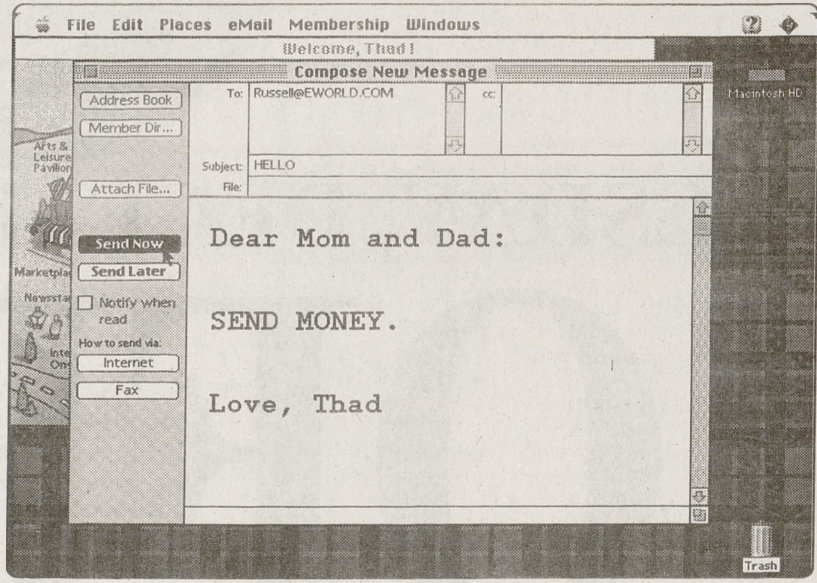

RUMBLE RUMBLE

HEY, WHERE DID THIS EARTHQUAKE COME FROM?

DO YOU THINK IT'S ARMAGEDDON?

NAH, JUST FINALS!

The great thing about the Internet is that it allows you to stay in contact with your parents.

You've left your parents' nest. They thought they were finally rid of you. They were wrong. Because right now when you purchase an Apple® Macintosh® computer, you can also get a great deal on the Apple Internet Connection Kit — everything you need to easily surf the Net. It allows you to step outside your world of lectures, pep rallies and studying and

step into a world of endless possibilities. From Colin Powell's political views to the one-hit wonders of the '80s to what happened to your favorite daytime soap-opera character. It's the power that can keep you in touch with your supporters and with the world. The power of Macintosh. The power to be your best. **Apple**
