Lawrence shows versatility in A Thin Line Between Love and Hate

MOVIE REVIEW A Thin Line Between Love and Hate **Starring Martin Lawrence and Lyon** Whitfield **Directed by Martin Lawrence** Rated-R-Playing at Hollywood 16 ** 1/2 (out of five)

By Wes Swift THE BATTALION

A Thin Line Between Love and Hate shows that comic. Martin Lawrence has matured a bit. Unfortunately, he doesn't seem to know who he's become.

The grossly misnomered Thin Line is about as crazy as Lawrence's stand up routine. But this film, a supposed comedy, is a lot more serious than audiences will be expecting.

Thin Line is littered with some laughs, but spends most of its nearly two hours espousing the pitfalls of men's exploitation of women.

Lawrence portrays Darnell Wright, a happy fellow whose time is spent hustling women. To Darnell, women are like tis

ues you use and throw away. Darnell's world gets turned upside down when he sets his

sights on Brandi (Lynn Whitfield), a sophisticated business woman who brushes him aside. Using all of his charms, Darnell wins over Brandi, but not be-

fore he breaks his cardinal rule and says those three little words, "I love you. Things go haywire, though, when Darnell tries to cut his relationship with Brandi, and she re-

turns the favor in some rather demonic ways The entire plot is reminiscent

of Fatal Attraction, so much so, in fact, that Darnell even makes a reference to the movie. Lawrence should be com-

mended for going beyond the traditional comedy upon which he built his career While the trademark

woman-hounding remarks are still there and the patented Lawrence slang, Thin Line goes far beyond a trip through libido lane.

What does emerge is a sor of morality play on how mer should treat women, or con versely, how they should not treat women

Everything that happens Darnell isn't dumped on him by society. Lawrence plays a funny an

subtly sleazy Darnell. Audien will see him as a good-hearte guy who just happens to follo the wrong instincts when it a to his relationships.

Whitfield is above average the seductive yet psychotic Brandi. Her evil eye looks (don the pun) are to die for.

The only actress who can a better go-to-hell look is Ar gela Bassett

The storyline is decent, b confusing at times. Halfway through the film, viewers m wonder when the smattering humor is going to end and floodgates of funniness are ing to open. It never does, in stead fading to a scary ram al a Brandi.

Martin Lawrence makes A Thin Line a good effort at sem serious film making.

Now if he can just decide which way he wants to go.

By Jonathan Faber THE BATTALION

The Stone Temple Pilots have gone for a new musical direction with the release of Tiny Music . Songs from the Vatican Gift Shop.

Tiny Music is the group's third release, following Core in 1992 and Purple in 1994. Tiny Music has many qualities present in the band's other two albums, but seems to fall short in

other areas. Most of the songs are arran deep musical groove with apparent unoriginality and lack of effort with the lyrics. Unfortunately, this seems to be the norm for many of the songs on Tiny Music great musical arrangements with lessthan-great vocals and lyrics.

Tiny Music was "Big Bang Baby," an exciting musical arrangement that suffers from Paper Heart." The song is m like STP's previous work th any other song on the recor

Gene Fontenot claims to be a responsible business owner, paying taxes and obeying the rules and regulations that apply to all businesses. employees but failed to pay.

Kevin Brady lives by the "Code of Honor."

As a Texas State Representative he kept his word to work to create jobs, reduce government interference in our lives, protect victims rights, punish criminals, stop the state income tax and allow for local control of our schools. As our next Congressman you can count on him to keep his word to fight for a balanced budget, a Federal Sunset plan to eliminate agencies which no longer serve the taxpayer, mandatory criminal sentences and the protection of the Second Amendment.

by bassist Robert DeLeo and hid brother Dean, the band's guitarist. Vocalist Scott Weiland and drummer Eric Kretz make contributions, as well

Many of the songs on *Tiny* Music have depressing lyrics dealing with issues such as suicide, lost love and substance abuse. Many of the depressive lyrics may be attributed to Weiland's recent release from a drug rehabilitation center

The first track, "Press Play,' is a minute-long instrumental, which seems like it could have been better if it was longer and actually had words.

Pop's "Love Suicide" boasts a

confusing studio mixing. Weiland's voice seems drowned out during much of the song, which is unfortunate because the lyrics on this song are interesting.

"Does anybody know how the story really goes / Or do we all just hum along / Sell your soul and sign an autograph..." The track that will probably have the most commercial suc-

cess is "Trippin' On a Hole in a

Beatles. This is probably on
