First American Bank has what students want.

(you want it? you got it.)

I want a checking account

And not just any checking account. I want it here, in town, and not a million miles away. I'm going to A&M, the best #*%@ school in the country.

I am the 12th Man!

So I want the 12th Man Account.

I want my bank close. I mean close like right across the street from campus. And just because I'm on campus a lot,

I've got things to do.

So I want more banks all over town - at least eight. And if you can't keep up with my hours, give me ATMs - at least 10.

And I want a bank that can get me a student loan when I need it. No hassles. No run-arounds. Quick. Simple. Painless.

First American Bank

the 12th Man checking account, eight convenient locations, 10 ATMs, the University Center right across the street from campus, and lender of various student loans

WHAT'S IT LIKE AT THE PLASMA CENTER, FOR \$140 A MONTH?

To the staff of the Plasma Center,

I would like to start by saying thank you to each and every employee for making the past three years enjoyable in a professional, efficient and courteous environment. As a donor since 1993, I have been more than satisfied with every aspect of your operation, which allows myself and others to contribute what we can to community service, all the while being serviced by diligent, but relaxed, workers. Everyone at the Plasma Center, from those behind the front counter to the phlebotomists to the supervisors, have made great efforts to insure that each donor feels hygienically safe, as well as keeping the atmosphere light.

Like most, I started coming to the Plasma Center for monetary reasons, but I soon developed acquaintances that appealed to me almost as much as the original need for money, enabling me to look forward to each donation, not only for my wallet's sake but also to see my

friends. Like I commented to someone recently, talking to people at the Plasma Center was like getting mail from a far-off friend that you don't get to do much with, but who you can talk to as often as you write. For those acquaintances and for your continual services. I would like to thank all of those I've come to know and appreciate over the past three years - Emily, Tracy, Heath, and Marty, Ada and Josie, etc. - more I can't remember or those who have gone on to better things.

So, as I graduate from this great University, I bid you all a fond farewell and strong commendations on such a successful blend of quality medical practice and friendly service. Thank you all and have a great summer. CE
