

At Austin, Texas-based Crystal Semiconductor, you could be part of a team of engineers

designing **the** world. The most talented Analog and Digital IC designers in the industry work for Crystal, and we're looking for bright, creative people to join them. If you have an MSEE or BSEE and the desire to work on today's **most advanced integrated circuits**

we'd like to talk to you. Opportunities are available at Crystal in IC design, Software, Product & Test, CAD and Applications Engineering. We'll be on the Texas A&M campus for interviews on Wednesday, March 19th. To be included **in the** process, please contact your Career Center. Crystal, an **industry** leader in integrated circuit design, offers competitive salaries, comprehensive benefits, growth potential, and the chance to be in Austin, the live music capital of the world. In the heart of the beautiful Texas Hill

Country, Austin has miles of lakes, almost 12,000 acres of parks, great weather and a vibrant social scene.

Learning Skills Center

SPRING '97 SERVICES

Learning Skills Center Lab Self-Help Materials

The Learning Skills Center lab contains a variety of self-help resources that students may use at their own pace.

Students have the option of addressing academic concerns with learning skills literature, computer programs, VHS and cassette tapes.

Topics covered by the LSC Self-Help Lab include the following:

- Goal Setting
- Test Anxiety
- Academic Stress
- Study Systems
- Time Management
- Procrastination
- Memory Enhancement
- Test Preparation
- Motivation
- Concentration
- Effective Reading
- Note-Taking
- Math Anxiety

Individual & Group Counseling

Students may schedule an appointment with a staff counselor to discuss academic difficulties they are experiencing. ACE Peer Educators are also available to discuss academic concerns on a drop-in basis.

Spring '97 Support Groups:

- Thesis/Dissertation
- Academic Survival Group
