

Scotty Generes

CANDIDATE FOR CLASS OF '99 VICE PRESIDENT

Howdy Ags! My name is Scotty Generes. I am a genetics major from Slidell, Louisiana. My current leadership activities include MSC Hospitality, Ol' Ags, Aggie Fish Club Staff and Fish Camp counselor. But most importantly, I am a proud member of the Fightin' Texas Aggie Class of 1999!

HOOP!
Now I know that all of you sophomores out there are also proud members of the Class of '99. This is obvious from all the "Fahrfromwhoopin" t-shirts and "Whoop 99" window stickers I see around campus everyday. It is obvious that we are the most red-ass class to ever come through Aggieland. There is only one problem, Ags. If you were to come to our class meetings, they might not know just how proud we are. You see, only about 20 people attend these meetings. My goal for next year is to increase class participation through more class socials and mixers. I want at least 99 people at every meeting. I am running for Class of '99 vice president, and yes, I am asking for your vote. But more importantly, I am asking for your support in our class. I am challenging you to make an effort to come out and show your pride in the Class of '99. I have no doubt that we are the best class ever. Let's make sure no one else has any doubt either. Thank you for your time. Gig 'em and God bless. (Next class meeting: April 9, 301 Rudder.)

Mandy Gomez

CANDIDATE FOR CLASS OF '99 VICE PRESIDENT

Howdy! My name is Mandy Gomez, and I am a member of the Fightin' Texas Aggie Class of 1999. I am a political science and international studies major from Victoria, Texas. I currently serve as the vice president of the Class of '99 and would greatly appreciate your support in the upcoming election.

As a whole, Class Council has done some tremendous things this year. The "Fahrfromwhoopin" t-shirts were a huge success, and they sold more than previous sophomore class t-shirts. Presently, we are selling window stickers for your car, and they are selling well, too. This year's council had some extraordinary and original ideas, and we have several more for the future.

There are two reasons why you should re-elect me into office. One, I have the experience. I was the Public Relations Chair for the Class of '99 when I was a freshman, and I am VP this year. I know how council works and what needs to be done to make sure our class is the best.

Second, you need to elect someone who will dedicate their time and energy to your class. This isn't by far a part-time job, and it requires hard work and consistency. I know how much time and effort is needed to make our class shine. I have been working hard for the Class of '99 for two years.

If you love the way your Class Council is working, re-elect your officers to ensure continued success. My name is Mandy Gomez, and I am running for vice president of the Fightin' Texas Aggie Class of 1999.

Brandon Garrett

CANDIDATE FOR CLASS OF '00 VICE PRESIDENT

Photo not available

Howdy! I'm Brandon Garrett and I am one of the proudest members of the Class of 2000!

At Fish-Camp, counselors stressed "the other education," so I took their advice.

Now I'm involved in Fish Aides, Legislative Relations, Senate, Class Council, Executive Lecture Series, SBSLC, ExCEL, MEDALS, FACES, and Fish Camp.

I want to be vice president of the Class of 2000 and I will serve my class well. My ideas and objectives are to continue with the goals set by the current Executive Council, as well as adding a few. We need to have more people involved and aware of our class projects. One of my ideas for making this a reality is setting up a division of Class Council dedicated to speaking and informing organizations about our class ideas.

I also want to see a new tradition implemented. The Freshmen have Fish Olympics and Fish Ball and the Juniors and Seniors have a variety of activities (i.e. Ring Dance, E-Walk, etc.), the Sophomores have nothing. Something is definitely needed for a class as special as the Class of '00 and I intend to arrange some form of expression for our spirit.

I realize as I near the end of my Fish year, how much this school has given me and how much it means to me. I think that its time for me to give something back to the university that has given me so much, and with the help of the Fighting Texas Aggie Class of '00 I can do it. Gig 'em '00!

Tara Toliver

CANDIDATE FOR CLASS OF '00 VICE PRESIDENT

If selected as Class of 2000 vice president, I will fulfill the two goals of Class Council: class promotion and fund raising. As the Class of 2000, we have been given a tremendous responsibility and opportunity to close out the 20th century and establish a precedence for the classes of the 21st century. I believe that

the key to meeting this challenge is knowledge of class activities and fund raisers.

With knowledge comes involvement and with involvement comes influence. In order to inform our class, I would distribute a monthly calendar either through the Residential Advisors or by placing a stack next to The Battalion. This monthly calendar would include the Class of 2000's many activities. Dates, times and locations of the voluntary committees of our Class Council could be included. Knowledge of fund raising events will allow our class to raise the funds necessary to present an honorable class gift to Texas A&M that is a token of our respect for this university. I would also utilize the Class of 2000 e-mail list, web page, and suggestion box to keep the class updated.

I believe that there is power in numbers. Increased involvement will lead to more ideas being presented. These ideas can be refined to create the most effective one. In other words, student input is necessary to influence the activities of the Class of 2000.

The more active our class is in our student government, the more responsive it will be to our desires.

Kyle Valentine

CANDIDATE FOR CLASS OF '00 VICE PRESIDENT

Howdy fellow Ags, How do you feel about promoting communication, involvement and unity throughout the Class of 2000? My name is Kyle Valentine, and I have based my campaign and goals upon these three basic concepts. I am running for the position of vice president for the

Class of 2000.

One thing I have discovered in college is e-mail. I would like to devise a monthly newsletter to keep our class informed about the happenings of our class and its role in the events taking place and become more involved. By getting involved, we are building relationships and uniting our class.

Turning these goals into realities requires experience, leadership and ideas. As current Associate Chair of Texas Aggies Making Changes, I have seen the inner workings of student government at Texas A&M first hand. Government is based upon ideas of the people. Class of 2000, I want to know your ideas and opinions. Listening to fellow Aggies would be a major and exclusive priority of mine. I want to represent the Class of 2000.

Through leadership and ideas, the goals of my campaign are attainable we are leading Texas A&M into the next millennium, why not lead it in the right direction? Remember to vote Kyle Valentine on Mar. 26 and 27.

Hank Bullinger

RHA PRESIDENT CANDIDATE

My main vision as RHA President would be to make the on-campus community at Texas A&M the best in the nation.

Goals while in office:

1) Give hall councils and ordinary residents a more direct voice in changing and improving on-campus life.

2) Make living on campus in residence halls a fun and close-knit community.

3) Let other student organizations know about the variety of successful programming and leadership opportunities that RHA provides.

I have worked closely with RHA the past two years as programs director and currently serve as communications coordinator. While I was programs director, I coordinated the first ever Tug-of-Honor. I hope to see this activity become an Aggie tradition for years to come. More recently, I was responsible for presenting A&M's bid for Texas School of the Year. We have not received this award in over ten years. Much to my delight, Texas A&M was honored with the School of the Year title two weeks ago. I have seen what a tremendous impact that RHA can make in changing policy and student life. Through programming and leadership opportunities, the Texas A&M RHA can make on-campus living the best in the nation. I want to lead RHA to this next level.
