Jerry Garcia's third wife ungrateful for judge's decision on estate split

SAN RAFAEL, Calif. (AP) — The final tally on Jerry Garcia's estate: \$9.9 million, including comic books, fine art and real estate. And his ex-wives are still fighting over it. Lawyers for his third and last wife, Deborah Koons Garcia, asked a judge Friday to reverse his decision awarding a \$4.6 million divorce settlement to

wife No. 2, Carolyn "Mountain Girl" Garcia. They cited legal technicalities.

Judge Michael Dufficy, who approved the settlement in January, said he would consider the objections before issuing a final decision.

The value of Garcia's property had been kept secret since the rock musician's death in a drug

treatment center in August 1995. He was 53.

Court records valued it last week at \$9.9 million.

Besides the ex-wives, an assortment of business partners, former lovers and acquaintances have filed more than \$38 million in claims against the estate. Some have been settled and others are pending.

It's sort of a 19th-century

Friends

(with a much better soundtrack).

If you like Ross, Rachel, Phoebe and Chandler, you'll love Mimi, Rodolfo, Musetta and Marcello, four starving Parisian artists and the main characters in Puccini's beloved opera, "La Bohème." Performed by the highly acclaimed New York City Opera National Company, "La Bohème" features lavish sets, beautiful costumes, sumptuous music and English supertitles above the stage. Grab your friends and go see this opera treasure.

WHAT'S IT LIKE AT THE PLASMA CENTER?

To the staff of the Plasma Center,

I would like to start by saying thank you to each and every employee for making the past three years enjoyable in a professional, efficient and courteous environment. As a donor since 1993, I have been more than satisfied with every aspect of your operation, which allows myself and others to contribute what we can to community service, all the while being serviced by diligent, but relaxed, workers. Everyone at the Plasma Center, from those behind the front counter to the phlebotomists to the supervisors, have made great efforts to insure that each donor feels hygienically safe, as well as keeping the atmosphere light.

Like most, I started coming to the Plasma Center for monetary reasons, but I soon developed acquaintances that appealed to me almost as much as the original need for money, enabling me to look forward to each donation, not only for my wallet's sake but also

to see my friends. Like I commented to someone recently, talking to people at the Plasma Center was like getting mail from a far-off friend that you don't get to do much with, but who you can talk to as often as you write. For those acquaintances and for your continual services. I would like to thank all of those I've come to know and appreciate over the past three years - Emily, and Tracy, Heath, and Marty, Ada and Josie, etc... more I can't remember or those who have gone on to better things.

So, as I graduate from this great University, I bid you all a fond farewell and strong commendations on such a successful blend of quality medical practice and friendly service. Thank you all and have a great summer. Thanks, C.F.
