

we lead.

we think. we motivate. we consult. we invent. we challenge. we collaborate. we build.
we transcend. we encourage. we challenge. we do. we care. we coordinate. we invest.
we discover. we design. we imagine. we dream. we undertake. we examine. we laugh. we do.
we pioneer. we aspire. we promise. we teach. we learn. we initiate. we agree. we disagree.
we dare. we contribute. we wish. we give. we enhance. we hope. we invest.
we move mountains.

endless possibilities

gain financial experience rivaling any on Wall Street. **explore** extensive domestic and unrivaled international assignments. **lead** with a pioneer in environmentally sound energy thinking. **broaden** your scope with a company whose entrepreneurial spirit lets you thrive. **create** with Fortune magazine's most innovative company two years running.

another job description?
no, a unique challenge to grow in the most dynamic and opportunity-rich firm at the threshold of a revolutionary era of energy deregulation.

Discover
Enron's endless possibilities

Presentation and reception
Tuesday, October 7, 1997
6:00 - 8:00 p.m.,
410 Rudder Tower
Conference Center

Natural Gas. Electricity. Endless possibilities.
