

we lead.

we think, we motivate, we consult, we invent, we challenge, we collaborate, we build,
we transcend, we encourage, we challenge, we do, we care, we coordinate, we invest,
we discover, we design, we imagine, we dream, we undertake, we examine, we laugh, we cheer,
we pioneer, we aspire, we promise, we teach, we learn, we initiate, we agree, we disagree,
we dare, we contribute, we wish, we give, we enhance, we hope, we invent,
we move mountains.

endless possibilities

gain financial experience rivaling any on Wall Street. **explore** extensive domestic and unrivaled international assignments. **lead** with a pioneer in environmentally sound energy thinking. **broaden** your scope with a company whose entrepreneurial spirit lets you thrive. **create** with Fortune magazine's most innovative company two years running.

another job description? **no,** a unique challenge to grow in the most dynamic and opportunity-rich firm at the threshold of a revolutionary era of energy deregulation.
