

ENROLLMENT

Continued from Page 1

Though there are many specialties available in meteorology, the two that most undergraduates choose are forecasting and severe-weather tracking. Undergraduates are very interested in the field work they get to do in meteorology.

"Most undergraduates don't usually know they will get to do field work," McGuirk said, "but once they do, they're hooked." When Hurricane Bon-

nie was off the Gulf coast, four or five graduate students logged around 30 flight hours observing hurricanes.

The undergraduates get to go out and track storms, and others get to work with radars and forecast the weather.

"A significant number of our undergraduates become professional meteorologists," McGuirk said. "I say this because they begin to get paid for field work, and we have field programs running all of the time."

Nurse found dead in Trinity River

GRAND PRAIRIE, Texas (AP) — Reena Varghese's dresses still hang in the closet of the family's brick home in suburban Irving. Her perfume bottles sit untouched. Framed pictures of her holding her newborn daughter hang on the bedroom walls, capturing her eternally at age 25.

But police announced Wednesday the young nurse's remains had turned up along the banks of the Trinity River. Varghese disappeared on a

rainy night in April 1996 as she walked after work from Dallas' Methodist Hospital to her car.

Her husband, Roji, still refuses to believe his wife will never walk through the front door again.

"I still have hope it's not her," he said in a quiet voice after police announced the discovery. "They could have made a mistake."

A forensic dentist confirmed Monday that a jawbone with

teeth found in May matched Varghese's dental records, Grand Prairie police Sgt. Alan Patton said. An Irving family found the bone while fishing near a bridge less than a mile from the Vargheses' home.

Investigators don't know how Varghese died or how long the bone had been there. Patton said police have no suspects.

Grand Prairie and Dallas police scoured the Trinity for clues Wednesday, but called

off their search in the afternoon after finding nothing. They walked along its lush, tree-lined banks, searched the slow-moving water in boats and flew over it in helicopters.

"It had to be worse than a needle in a haystack situation," Patton said. He hopes to use sonar next to scan the bottom of the river.

The find ends two and a half years of wondering whether Varghese was dead or alive. But

most questions remain unanswered. A white Toyota Camry was missing. No one had a cell phone in her car. A paycheck she was paid made charges on her

Her husband's attorney has filed through dozens of lawsuits in his mind. It could have been a carjacking, or someone kidnapped her because her car was much. He wonders if someone kidnapped her for her medical

HILARIOUS HYPNOSIS Encore Performance!

BULLWINKLE'S RESTAURANT & SPORTS BAR

DR. DOWD HYPNOTIST

You have to see it, to believe it! DON'T MISS THIS SHOW

See people you know get hypnotized, see hypnotized volunteers sing like their favorite star. See your friends act like their favorite comedian. Girls, see guys from the audience turn into sexy male exotic dancers. Better yet... Volunteer to get hypnotized, "It's a Blast." Women will be treated as ladies. Guys, you'll be on your own.

Thursday, September 3rd
2 shows: 9:00 & 11:00 p.m.

Season subscriptions start at \$129 • Season packages start at \$129
