FOR BRAZOS COUNTY JUDGE Lyons Listens and Leads

Brazos County deserves a judge who leads instead of commands. As a businessman and a public servant, I understand the importance of listening to all sides in order to make fair and effective decisions. I promise to listen and lead Brazos County in a positive direction for the 21st century.

Over the past 16 years as a Brazos County justice of the peace, I've learned that public input is critical to the operation of this county. Decisions need to be made based on facts with the emotional, social, and economic tolls taken into account. Being a businessman, I've successfully managed budgets and employees. As a rancher, I know what it takes to endure good times and bad.

Brazos County's judge should unify the local governments and their people to the benefit of all. A united front presents greater opportunity for economic development, educational enhancement, and social progress.

I have the experience and the integrity to take Brazos County where you want it to go. I would appreciate your support and your vote. Thank you.
