Big Event repairs B-CS

BY SALLIE TURNER The Battalion

The Big Event, the largest student-run, one-day service event in the country, had more than 4,700 student participants perform various service projects throughout the Bryan-College Station community Saturday.

Robert Goodwin, chief executive for the Points of Light Foundation, addressed Big Event participants before they began their individual service projects. He said most Americans live in a sheltered world, worrying only about themselves.

"Service allows us to realize that we are connected to every man and woman who walks this road of life," he said. "Service is not nice; it's necessary.

Brent Schwartz, a Big Event participant and a junior speech communications major, said he worked with his Fish Camp to fix up a rundown house given to 89.1 KEOS-FM, a local radio station. The house, which would be torn down if not repaired, was given to the sta-

racial violence, students need to be more knowl-

who come from different areas of the world or coun-

try, the more students will not feel so threatened and

defensive toward others and will not resort to vio-

cation, hindering Aggies' educational and social ex-

attend the events. The majority of the student pop-

ulation does not have a wide background of multi-

cultural education or influence, therefore, they are the students who would benefit the most from pro-

grams that educate about different cultures, she

Kelly said the upcoming century will demand scholars who have culturally advanced educations.

"Texas A&M can be the best university in the

tion to use as a recording studio.

"We cleared all the trash and weeds out of the yard," he said. "Then we cleared the vines off the side of the house and painted the house. The house still has a lot of work, but our efforts saved it from being demolished.

Schwartz said this was his third year to participate in The Big Event, and every year he has participated with his Fish Camp.

"My experience with Big Event is two fold," he said. "It's great to be able to help out the community, and it is also a time to build relationships within Fish Camp, which helps Fish Camp to run smoother when we actually get to camp.

Minie Gilbert, a College Station resident, said The Big Event participants who cleaned around the exterior of her house were helpful in doing work she is not physically able to do.

"I'll be 65 in June, and I am not able to do much work around the house," she said. "The girls who came to my house were so nice, and I enjoyed just having their
