Charlie Robison Life of the Party Lucky Dog Records

Right now Charlie Robison might be more famous for the fact he married one of the Dixie Chicks than the fact he is a good singer and songwriter. Odds are this will not be the

case for long.
Robison does not have the sound most people expect when they think of Texas music. His music goes just a little beyond Texas and right into Nashville. Robison's album has just a touch of the mainstream country sound that is pumped out continuously by Country Music Television.

But do not be scared -Robison is true to Texas and hasn't let the Lone Star sound leave his music. This flavor sets Robison apart from the mainstream country stars, and the touch of Nashville in his music sets him apart from the Texan musicians.

With songs like "Barlight," "My Hometown" and "Loving County," Robinson exhibits his songwriting abilities, which is something else that distinguishes Robison from most mainstream country musicians - he actually writes his own songs. (Grade: B)

Bluebonnet Blues Smitty's Songs

With a deep, booming voice harking back to a time in country music history when singers like Merle Haggard reigned supreme (and with song writing abilities to boot), it is a wonder why more people are not Kevin Smith fans.

Smith's songs are about what most Texans know or have felt at least once or twice in their lives: Texans want to hear Texas music, Texas is heaven and those bottle caps on Pearl are confusing after a few beers.

His songs can relate to any-body who has lived, even if just for a short period of time, in Texas.

Sadly, the best song on the album is not his own. "L.A. County," a Lyle Lovett cover, overshadows his own songs, but maybe Smith can use this as a learning experience.

With this album, Smith is walking down the same path that his fellow Aggies Robert Earl Keen and Lyle Lovett first paved, which is not bad company considering the fame that both of them have enjoyed. (Grade: B)
