

## **To the students of Texas A&M University:**

The faculty, staff, former students and administration of Texas A&M University wish to express our sincere gratitude for your prayers, encouragement and support during the bonfire incident – one of the most difficult times in our university's 123-year history.

We also would like to thank you for helping to remove logs, for supporting the rescue teams throughout the day and night, and for standing – in the honored tradition of the 12<sup>th</sup> Man – ready to assist, however needed.

We are so proud of all of you.

May the coming Holiday Season and New Year bring you comfort and a deeper appreciation for the importance of family and friends.
