**"I learned that change
is not easy, but it is
possible."**

When Sanjay Garla left college, he doubted whether his classroom lessons related to the real world. But joining AmeriCorps helped him make the connection he had been lacking. By the end of the year, he had launched a public education drive to help community residents get the health care they needed. "AmeriCorps challenged me and helped me grow," Sanjay says. "After that year, I returned to school with new skills and a better sense of direction."
