

**News in Brief**

**Microsoft to ask judge to intercede**  
 OLYMPIA, Wash. (AP) — Microsoft Corp. may ask a federal judge to throw out the Justice Department's plan to break up the company, arguing that the government improperly based its proposal on evidence that was not presented at trial, according to people close to the case.  
 Microsoft objects to the government's plan to break up the company in the plan submitted to District Judge Thomas P. Jackson of Washington by the Justice Department. The plan states, according to sources, who spoke on condition of anonymity, that the software company could be broken up into those experts addressed in the plan that were not brought to the nearly yearlong trial.  
 On April 3, Jackson ruled that Microsoft had violated state and federal antitrust laws by using its monopoly power in personal computer operating systems to block its rivals. The government asked the judge to break Microsoft into two rival companies. Microsoft must respond by May 10, and the sources said the plan is still being drafted. The company has already said it will ask for substantial delays in proceedings before hearing is held. Jackson's plans call for a hearing on May 24.  
 A judge added that if Jackson does not honor Microsoft's request to toss the government's plan entirely, he would have to order Microsoft to have an expert testify at rebutting the case, possibly including a cross-examination of the government's witnesses and providing expert testimony of its own.

**Student admits to killing landlady**

SAN FRANCISCO (AP) — A 21-year-old college student admitted to killing his landlady, dismembered her body and discarded the parts throughout the city.  
 The student, identified as a San Francisco-area man, was arrested after he tried to hit security guards with a wooden dowel, police said. Later, he "suddenly fainted out" that he had killed a woman with whom he shared an apartment, police Department spokesman Richard Holder said.  
 Police said he led investigators to at least three locations, including Golden Gate Park, where a torso was found Wednesday. He did not disclose whether the body parts were found. Forensic tests will determine whether the torso belonged to Wong, 47, from whom the student sublet a room, police said. A family member of Wong reported her missing April 30.

## Run for the Roses

Lukas confident, ready for 126th running of Kentucky Derby

LOUISVILLE, Ky. (AP) — D. Wayne Lukas thinks the hardest thing for trainers to do at their first Kentucky Derby is to remove themselves from the hoopla and concentrate on the task at hand.  
 D. Wayne knows Derby. On Saturday, the 64-year-old Hall of Fame trainer will saddle High Yield, Commendable and Exchange Rate, his 36th, 37th and 38th starters, in a quest for his fifth victory at his 20th consecutive Derby at Churchill Downs.  
 "The biggest mistake you can make is to run horses that don't belong, and we're all guilty of that," Lukas said Thursday. "Some people run a horse because they have an honest fantasy that they have a chance, when in reality they don't."  
 There is a lot of quality in the field, which was reduced to 19 3-

year-olds when Globalize, a 50-1 show in the early line, sustained a gash on his lower left hind leg when he was kicked by a pony while being escorted from the track.  
 The two top favorites are Wood Memorial winner Fusaichi Pegasus and The Deputy, winner of the Santa Anita Derby and trained by Jenine Sahadi. Another contender is War Chant, the Neil Drysdale-trained stablemate of Fusaichi Pegasus, who won his first three career starts before finishing second in the Santa Anita Derby.  
 Lukas said he was against lowering the 20-horse limit. "You've got to give them (owners and trainers) a chance to live the dream or it's just another race," he said.  
 Lukas, who was highly criti-

cized in the media for running Deeds Not Words last in a 13-horse field in 1997, is confident his three colts will do well in the 126th Derby.  
 "I feel very comfortable," he said. "I don't see any superstars."  
 A lot of people, however, think Fusaichi Pegasus could be on the verge of superstardom.  
 The best bet for a second straight victory for Lukas, who won last year with Charismatic, appears to be High Yield. He was the winner of the Fountain of Youth, runner-up to Hal's Hope in the Florida Derby and the front-running victor of the Blue Grass Stakes April 15 at Keeneland.  
 "I think High Yield probably is getting the focus, but he has the most experience," Lukas said when he was asked to compare his three colts.

High Yield, ridden by Pat Day, drew the No. 18 post, but moved inside after Globalize was scratched. Fusaichi Pegasus moved to No. 15 and The Deputy moved in to No. 10.  
 "I'm not too concerned about 18," Lukas said before Globalize was injured. "If I had a choice, I might have moved in a few holes, but I wouldn't have moved in too much. You're talking to a guy who has won from the auxiliary gate."  
 All horses who start outside the No. 14 post start from the auxiliary gate.  
 Lukas won with Thunder Gulch from No. 16 in 1995, with Grindstone from No. 15 in 1996 and with Charismatic from No. 16 last year. His other winner, the filly Winning Colors, started from No. 11 in 1988.

**Sports in Brief**

**Aggies to host tennis Regional, May 13-14**

The Texas A&M men's tennis team was selected on Thursday to host one of 16 four-team regionals May 13 and 14 at the Varsity Tennis Center, leaving the fourth-ranked Aggies just two home wins away from a trip to Athens, Ga., for the final rounds of the 2000 NCAA tennis championships.

MADDEN

The Aggies, whose 14-0 home record this season includes victories over No. 2 Pepperdine and No. 4 Florida, will face Army on May 13. The two other teams in the regional are Tulane and Louisiana-Lafayette.  
 A&M jumped to No. 4 in this week's edition of the WingspanBank.com rankings after winning its second Big 12 tournament crown in three years Sun-

day in Kansas City, Mo. The Aggies cruised to 4-0 victories over Oklahoma, No. 15 Texas and No. 4 Baylor in the tournament.

**Women's Tennis preps for NCAA Champs**

The Texas A&M women's tennis team will face the University of Kentucky in the first round of the NCAA Women's Tennis Championships in Berkeley, Calif., the selection committee announced Thursday.  
 The Aggies will be seeded third in the regional hosted by the University of California, which take place May 13-14 at the Hellman Tennis Center on the UC-Berkeley campus.  
 The Bears, who are the No. 5 national seed, earned the No. 1 seed in the regional.  
 Kentucky is the No. 2 seed, followed by No. 3 A&M and No. 4 University of Pacific.

**A&M baseball vies for position in tourney**

One last series and one last opportunity to close the first 30 loss season in school history on a positive note.  
 The Texas A&M baseball team will close the season on May 12-14th against the University of Missouri in their final Big 12 series.  
 The series, to be held at Olsen Field, will be a battle for seeding in the Big 12 Tournament. Both teams have secured a spot in the tourney, yet A&M is currently the last seed and Missouri the sixth. Each will be fighting for position before making the trip to Oklahoma City and the tournament.  
 Missouri has one more series remaining against Oklahoma before coming to College Station.
