NAPSTER

Continued from...

It is unclear whether music file-swapping is so bad...

A recent study of more than 100 online music fans by the RIAA...

"Clearly, people who are Napster love music. They're not just...

The RIAA estimates that it is swapping via Napster by an estimated 20 million people worldwide...

"All of this litigation is really setting the groundwork for what is going to be the future of the Internet."

Metallica drummer Lars Ulrich told a Senate committee earlier this month that Napster users are basically stealing.

That attitude has angered many fans.

"I think they should just shut up," James Cavanaugh, 25, said of Metallica. "They don't have to worry about getting fans. It's really about control."

"Napster and the Internet shouldn't hurt record sales," said Stephen Flinn, 40, a jazz percussionist attending an Internet music convention in New York on Tuesday. "Music is the healing force of the universe. A true artist is going to want his music to be heard through whatever medium."

Among the Net-savvy, it is pretty much agreed that online music swapping is here to stay, whatever happens to Napster.

"All of this litigation is really setting the groundwork for what is going to be the future of the Internet," said Larry Iser, an intellectual property attorney.

Iser, who has worked with the Beatles and Michael Jackson to protect their copyrights, says Internet companies must develop "protected, royalty-generating" downloading systems.

No one has yet been able to figure out how to do that.

NEW YORK (AP) — Boy wizard Harry Potter is still weaving magic...

The U.S. and British publishers Harry Potter and the Goblet of Fire...

Meanwhile, some readers are already placing orders on Amazon.com...

In Britain, supplies of Goblet of Fire have disappeared so quickly since July 8 release that London-based Bloomsbury, publisher of the U.K. edition, is already on its 13th reprint...

Bloomsbury has delivered nearly 2.3 million copies to booksellers...

The series has so far sold 35 million copies worldwide, and it holds the top four slots on the newly launched New York Times Children's Hardcover Sellers list.
