Longview News-Journal sues distric

Longview News-Journal has sued the valid, and to declare any taped or stances — an imminent public health Longview Independent School Dis- written record of the discussions trict over a closed school board meeting last week.

Page 6

The school board had cited a "reasonably unforeseeable situation" involving its relationship with Superintendent Arthur Culver as its exemption from the 72-hour notice required for what the public doesn't need to governmental meetings under the know," said News-Journal managing Texas Opening Meetings Act.

In a lawsuit filed Friday, the newspaper asked Judge David Brabham to lows emergency sessions with only

LONGVIEW (AP) — The declare the Wednesday meeting in- two hours' notice under two circumopen to the public.

"People elect representatives to do the public's business, spend the public's money and be guardians of the public's good. But not to decide what the public needs to know and editor Ana Walker.

The state open meetings law al-

or safety threat, or a reasonably unforeseeable situation.

One section of the law states that the unforeseeable situation must be clearly identified. The newspaper claims the board failed to clearly identify an emergency in its two-hour posting.

"We obviously disagree with the newspaper," said LISD attorney David Feldman. "We think the meeting was lawful." The meeting notice indicated the

emergency was linked to the tionship between the board and ver, who enters his third yearhe January.

Feldman said that relation "would be a lot worse off" if B President Ted Beard had nota the emergency discussion. "We're talking about a fundament

tal relationship," Feldman said." problem went to the heart of the tionship between the board and superintendent. And it had ad impact on his ability to do his ja

CLASSROOM

Continued from Page from too many people logging of at once.

Professors are also using technology in the classrooms.M now present their lectures on a puter slide show presentations use different sites from the Inter to help illustrate their points.

Each college in the Univer charges an Instructional Enhan ment/Equipment Fee to help then fessors in that college to keep classes updated.

"This fee is important bea students need to be taught on and come] familiar with the newesta nology to be able to competein real world," said Edward Segura cilities coordinator for the Lor Mays College of and Gradu School of Business.

Every classroom in the busin school has a LCD projector, a netw computer that all the computers in Wehner building together and ado ment camera which allows profess to record classes and focus groups

Dr. Paul Bush, a marketing fessor, said he was able to use equipment to show his class stream ing video of Nike advertisements. said it was helpful because it sa him time by allowing him to go rectly to the Nike Website and run advertisement instead of having search for the ad on television.

Students are finding this assistant helpful said Robyn Thornhill, a soph more general studies major.

"I have a couple professors wh put notes and practice exams on t Web," she said. "I think it-is" great and helpful that professor take the time for their students to extra study material on the Web."

PLANES

Continued from Page Hastdet said she thinks the exh it will draw a large and dive crowd, adding that she made the cision to bring the exhibit to A& because she likes to show exhibit that reflect a wide variety of interest She said the airline exhibit is be shown in connection with A&M aerospace engineering program.
