Clinton speaks of election at farewell summit in Asia

BANDAR SERI BEGAWAN, Brunei (AP) — President Clinton, at a farewell summit in Asia, assured world leaders Wednesday that the United States is stable and unshaken by the election impasse at home.

"This has been a rather interesting week in the United States," he said.

Clinton was meeting with 20 Pacific Rim leaders at the annual Asia-Pacific Economic Cooperation (APEC) forum. He also was talking on the sidelines with the leaders of Russia, China, Japan and South Korea. Around the world, the U.S. election dispute, whose outcome hinges on the vote count in Florida, has confounded many people.

The president talked lightheartedly about the election as he addressed business leaders.

"One of the things that I think we have learned is that we should all be very careful about making predictions about the future," the president said. "I know I can safely predict this will be my last APEC summit. I just don't know who will be here next year."

Asked what he would do after leaving the White House, Clinton noted the election of his wife, Hillary Rodham Clinton, to the Senate. "Now I have a United States senator to support. I understand that's an expensive proposition," he joked.

More seriously, Clinton said he wants to be "a useful citizen of both my country and the world" and pursue efforts to make the world a better place. However, he said he would "do it in a way that does not get in the way of my successor. The United States can have only

one president at a time," he said.

But he added with a smile, "I'll be around."

In his remarks, Clinton stressed the importance of open markets and societies and called for the start of a new round of global trade talks next year.

He said that both Gov. George W. Bush and President Al Gore were committed to a more integrated global economy and expanded trade.

"On the question of leadership for trade," Clinton said, "I can rest easy because both candidates made strong commitments to do that."

In his meeting with leaders, Clinton was prepared to talk the election. "The president will press his confidence that the proceeding under the rule of law

level and that it is democracy in action," said National Security Council spokesman P.J. Crowley.

"Meanwhile, our government remains open for business," Crowley said.

The president was accompanied by his daughter Chelsea, and Secretary of State Madeleine Albright as he arrived the opulent Empire Hotel to address business leaders.

Clinton's visit to Brunei, an oil-rich sultanate in northern Borneo in the South China Sea, is the first to a visit to Vietnam, the first by an American president since 1969.

"This has been a rather interesting week in the United States."

— President Clinton

News in Brief

Ebola virus causes death toll to rise

KAMPALA, Uganda (AP) — The death toll in Uganda's Ebola outbreak has risen to 113 after three more people died in the last two days, but no new cases have been reported, a health official said Wednesday.

The three deaths occurred in Gulu, 225 miles north of Kampala, where the outbreak was first confirmed on Oct. 14, said Sam Okware, head of a national task force

set up to deal with the epidemic.

Authorities had hoped to contain the disease in Gulu. In the last two weeks, cases have been confirmed in two districts hundreds of miles from the town.

Man charged for multiple crimes

OXFORD, England (AP) — A man who stabbed George Harrison because he believed he was possessed by the former Beatle was ordered confined to a men-

tal hospital Wednesday after being acquitted of attempted murder by reason of insanity.

Judge Michael Astle said Michael Abram would be held "without time restriction" and gain the approval of a mental health tribunal if he seeks release.

Abram, 34, had been accused of breaking into Harrison's home in Henley-on-Thames, west of London, and stabbing him repeatedly, puncturing a lung. He also was charged with attacking Harrison's wife, Olivia, when she came to her husband's defense.
