REEL CRITIQUE

MOVIE REVIEWS

Pearl Harbor Starring Ben Affleck, Josh Hartnett and Kate Beckinsale Directed by Michael Bay

It has received reviews from lukewarm to scathing. It has been accused of historical inaccuracy and cultural bias. And yet, despite all of this, Pearl Harbor snagged the No. 1 box office spot for the Memorial Day weekend. But in some ways, this movie is not what it has been hyped to be. Sold as a love story in the midst of a tragic war, the love story itself is not the most moving storyline.

Affleck plays Rafe, the caricature of an American hero, who gladly volunteers to join the army, along with his best friend Danny (Hartnett). When Rafe decides to join in the fighting in Europe as a pilot in the British Eagle Squadron, he leaves behind his nurse girlfriend, Evelyn (Beckinsale) swearing her undying love. From there, the lives and loves of these three, young Americans are woven in a countdown to Dec. 7, 1941. While this love triangle provides many heart tugging moments, it is hopelessly clichéd. As expected, it takes a backseat once the fighting begins, but when the thread is picked up again, it is half-hearted, at best.

The true impact of this movie can be felt in the actual

'bombing of Pearl Harbor, despite the heavy-handed special effects. Several people in the theater began crying, whether it was from the dying sailors being thrown from their ships, or from the commercialization of the deaths of over 2,400 American sailors, is hard to tell. Fortunately, the soul-searing mass destruction is interrupted by Affleck and Hartnett's heroic entrance in the only two fighter planes left, guns blazing, and shouting encouragement like any good red-blooded American.

There are some missing elements to this story, most notably the patriotism that has colored most war movies to date. There are a few mentions of the virtues of volunteering, but the flag waving is minimal. Meanwhile, the movie manages to dance around whether the Japanese were right or wrong in their actions. The Japanese admiral even manages to sound noble in his reasoning for bombing Pearl Harbor. And finally, while Cuba Gooding Jr. plays one of the few nonfiction characters in this movie, Texas' own Doris "Dorie" Miller, the ending credits fail to mention that despite his heroics at Pearl Harbor.

While the storyline is often trite and the special effects over done, Pearl Harbor is still a movie that should be seen, if only to be reminded of why Dec. 7, 1941, will forever be a date which will live in infamy. (Grade B-)

Accused killer says confession was coerced

AUSTIN (AP) — Robert Springsteen was living a quiet life in West Virginia in 1999 when police came calling — again. Living with a wife nearly twice his age, the high-school dropout had bounced from job to job as investigators continued pursuing one of Texas' most sensational unsolved crimes — the slaying of four teen-age girls at an Austin yogurt shop on Dec. 6, 1991. Police had questioned him before without any break. They tried again in 1999. This time, he confessed.

On Wednesday, a jury convicted Springsteen of killing 13-year-old Amy Ayers while robbing the I Can't Believe It's Yogurt Store. Springsteen, 26, now faces life in prison or the death penalty when sentencing begins Thursday. Two other suspects, Michael Scott and Maurice Pierce, await trial. Ayers, Eliza Hope Thomas, 17, and sisters Jennifer and Sarah Harbison, 15 and 17, all were killed at the shop. The girls were bound, gagged and shot in the head before the store was set on fire. The investigation had stumped police for years as they traced leads as far as Mexico and dismissed several false confessions. "We wanted some kind of ending," a tearful Barbara Ayres, mother of the Harbison sisters, said after the verdict was read.

The jury deliberated 13 hours over two days before reaching a verdict. Several jurors cried when the verdict was announced. One male juror covered his face with his hands.
