So, if you're looking for customers, we know a place where your customers are looking for you. In the newspaper. Newspaper HAS NEVER LOOKED SO GOOD. The Battalion 845-2696

Tool Lateralus Tool Dissection/Volcano

The long-awaited new Tool album, Lateralus, debuted as No. 1 on the Billboard Charts, selling 550,000 copies in its first week. With 13 tracks totaling 70 minutes, 3 seconds, Lateralus gives a sense of self-indulgence and tolerance. A vulnerable first half goes hand-in-hand with its heavier, second half of the album.

Without a doubt, Tool has created a challenging album that does not succumb to today's norm of modern rock. The unique sound and powerful qualities that define Tool shine through each track. Sounding unique, it is obvious that an older, more intelligent and more reflective band has once again proven that they are masters of their trade.

The sound of Lateralus is full of complicated textures and precision combined with heavy, explosive moments of rage. The songs flow continuously keeping the listener hypnotized by that Tool sound best described as cerebral and challenging. Danny Carey's drumming is now extraterrestrial, with a powerful tribal influence that creates a tone that cannot be matched.

The leading track, "Alter the Grudge," leads you down a path of intense emotion and energy and contains masterful changes and rhythmic escapades that push the mind forward. By not conforming to normal three-minute song formats, Tool has generated an album that will hopefully expand the patience and listening span of the public. The first single, "Schism," features a precision bass intro with layering of lead vocals by Maynard James Keenan that no other rock band can compare with.

The song "Parabol" is exquisite as a soft-sounding harmony of vocals matched with an Arabic tint. Leading directly into the second half of the album, the more intense opposite, "Parabola," shows the chaotic companionship these two songs share. The heaviest song "Ticks and Leeches," comes close to the feeling of the band's earlier albums. Frustration and raw aggression are obviously present in this song bringing out the band's ill feelings on the music business.

The title track, "Lateralus," easily a favorite, opens with a marching beat. It quickly grabs one's attention with classic hypnotic Tool sound and finishes with a monster ending sending chills through the spine. The longest track titled "Reflection," which is just over 11 minutes, is groove-laden. Embracing movements and ear-catching riffs along with poetic lyrics is the recipe for what music lovers call a masterpiece. Lateralus combines these together with a hint of the introverted, uncomfortable and challenging intensities of the human mind. (Grade: A)

Continued from Page 3 Gun (I Betcha Think This Song is About You)." Simon sings the chorus from her famous song, "You're So Vain," and Janet vents her feelings about egotistical men. "All For You" is definitely summer compatible. Do not be surprised to hear her catchy dance tracks blaring out of speakers this summer. Although her ballads on this album could have been better, the majority of the album is purely Janet... Miss Jackson if you're nasty. (Grade: A-)
