STUDIES IN PROGRESS

Do you have Canker Sores?
Have you had Canker Sores in the past? If you answered yes to both questions, you may qualify for a research study with an investigational drug for canker sores. We are currently looking for people who are 12 years of age and older, are in good health, are not pregnant or breast feeding, do not smoke or chew tobacco, and have a canker sore that developed within the last 30 days to heal.

You must be able to return for daily visits for up to seven days. If you qualify, you will receive compensation for participating in this research study. Call for more information.

SEBORRHEIC DERMATITIS (RED, DRY, SCALY RASH)
Volunteers, ages 12 and older with seborrheic dermatitis of the face, scalp, and/or chest needed to participate in a four week research study with an investigational topical medication. Symptoms include redness, dryness and scaling. Eligible volunteers will be compensated. Call for more information.

BACTERIAL VAGINOSIS STUDY
Female volunteers, ages 18 and older needed to participate in a clinical research study for the treatment of bacterial vaginosis. Symptoms include an odorless off-white vaginal discharge. Volunteers will receive free laboratory tests and medication and will be compensated for their time. Call for more information.

ATOPIC DERMATITIS STUDY (ECZEMA)
Individuals 18 years of age and older with moderately severe atopic dermatitis (35% - 75% body surface) needed to participate in a 28 day research study with an investigational topical cream. Study will include multiple blood draws and overnight stays. Eligible volunteers will be compensated for their time and effort. Call for more information.

OSTEOARTHRITIS STUDY
Persons with osteoarthritis of the knee, hip, hand, or spine needed to participate in a 12-month research study with an investigational medication. Eligible volunteers will be compensated. Call for more information.

DO YOU HAVE PSORIASIS
Are you: Suffering from mild to moderate Psoriasis & 12 years of age or older? Help may be just around the corner. A physician in your area is participating in a clinical trial investigating a new treatment for psoriasis. You could be eligible to participate. Call for more information.

YEAST INFECTION STUDY
Females ages 18 and older are being recruited to participate in a research study to compare two research medications for the treatment of a yeast infection (vaginitis). If you are currently experiencing vaginal burning, itching, or irritation call for more information. Eligible volunteers will be compensated up to \$150.00. Call for more information.
