**"Just Married"**  
Starring Brittany Murphy and Ashton Kutcher  
Directed by Shawn Levy  
20th Century Fox

"Just Married" may not appeal to a group of business executives or soccer moms, but to an audience of college students, the humor is not lost. The script lacks sophistication and the end is more than predictable; however, "Just Married" is united by a cast that promises laughs to an audience who expects no more than that.

The movie opens with the couple, obviously fed up with each other, arriving home from their European honeymoon ready to call it quits. Through a flashback, the audience is caught up on everything that has led up to that point.

Sarah McNeerney (Brittany Murphy), the daughter of a multi-millionaire, and Tom Leezak (Ashton Kutcher), a traffic reporter who works the graveyard shift and has an interest in sports, are all over each other from the minute they meet. As the story goes, not long after the two have met, they move in together and, soon afterward, they get married despite warnings from their families and friends.

To make up for being too tired to have sex on their wedding night, the two decide to try for it in the airplane restroom. However, in the process, Tom gets his foot stuck in the toilet and then knocks out the impatient flight attendant when opening the door. From that point on, the story is

composed of petty fights and reconciliations that eventually escalates to an argument that seems to have ended the marriage before it began.

The movie would have failed if the attempt at sentimentality had actually succeeded because the plot line is built around the jokes. The audience not only shares in the laughter with Sarah and Tom as one misfortune after another tests their marriage, but also laughs at them, as writer Sam Harper makes them the butt of some of the jokes. While at times it can be crude, for the most part "Just Married" lives up to the name of its genre, romantic comedy, in an appealing way.

Even though much of the humor has been recycled from other movies, Ashton and Murphy offer it with a sugary sweet twist. Unlike most of the characters in movies of its kind, they have chemistry on screen that will make audience members care whether they reunite.

**NEWS IN BRIEF**

**Singer Bobby Brown released from hospital**

ATLANTA (AP) — R&B singer Bobby Brown was released from the hospital Wednesday, one day after being transferred there from jail.

He also was released from jail custody under a "good time" policy that reduces sentences by 25 percent for good behavior.

Brown, the husband of pop diva Whitney Houston, had been serving an eight-day jail sentence since last Friday, after pleading guilty to a 1996 drunken driving charge.

The singer had been taken from the county jail to Grady Memorial Hospital Tuesday morning. DeKalb County Sheriff's Office spokeswoman Mikki Jones has declined to provide details, saying inmates' medical information is confidential.

Brown, who was put on two years' probation, also was ordered to perform community service and not to drive for a year.

He was arrested Nov. 7 on charges of possessing less than an ounce of marijuana, speeding and having no driver's license or proof of insurance.

After posting bond in Atlanta he was transferred to the neighboring DeKalb County jail to face the older charges.

Brown, 33, has had several brushes with the law, including a 26-day stint in a Florida jail in 2000 for violating parole on a 1996 drunken driving conviction by refusing a drug test.

In a recent interview with ABC's Diane Sawyer, Brown said he smoked marijuana, but did so to control his bipolar condition. In the same interview, Houston acknowledged taking cocaine and pills and smoking marijuana.
