omen. It's like, how many
nners do I want to go to
ow many times do I go to
eater until, third or fourth
ate down the road, I find
at they want to date me
y last name, or they are
tually wanting the same
ings I want, they're not ac
y serious about me, they
ant to have fun? So this
ance for me to meet
dies that have the same
ns I have."
Asked if he ever thought
asn't worth all this attention
restone said, "The first night,
e second night, the third
ght, the fourth night, every
ght, I was so humbled, just
ing there."
As to what advice he'd give
her guys seeking true love,
restone said, "I would say
u can't be cautious falling
e. You can't be worried. You
n't look at the consequences
u have to go into it head
st."

Northgate

You don't have
to unwrap it,
unroll it, or
worry that it
can Break.

Depo-Provera is 99.7% effective.
Birth control you think
about just 4 x a year.

Of course, using condoms is the only way to protect yourself against HIV/AIDS or other sexually transmitted diseases, but make sure you're also as protected as possible against pregnancy. That's why more women than ever are choosing *Depo-Provera* — it's 99.7% effective when administered on time every 3 months.

Remember, *Depo-Provera* doesn't protect you from HIV/AIDS or other sexually transmitted diseases.

Some women using *Depo-Provera* experience side effects. The most common are irregular

periods or spotting. Many women stop having periods altogether after a few months and some may experience a slight weight gain. You shouldn't use *Depo-Provera* if you could be pregnant, if you have had any unexplained periods, or if you have a history of breast cancer, blood clots, stroke, or liver disease. When using *Depo-Provera*, there may be a possible decrease in bone density.

Depo-Provera. One of the best and most convenient ways to protect yourself from pregnancy. Ask your health care professional if prescription *Depo-Provera* is right for you.

See what *Depo-Provera* is all about.
