

It's not just small businesses we care about.

Everywhere we do business, our belief in the fundamental importance of corporate social responsibility is readily apparent. Environmental sustainability is essential for our future and, as a result, our unique environmental policy guides every aspect of our business.

At Office Depot we...

- Support the conservation and protection of endangered forests
- Are phasing out products sourced from forests that are threatened by irresponsible logging and forest management practices
- Use recycled paper in 100% of our copy and print centers, nationwide
- Give preference to suppliers who support our Environmental Procurement Policies
- Offer over 2,000 recycled products
- Promote corporatewide waste prevention and recycling initiatives

We are determined to take leadership positions on issues impacting our planet and with your continued support will do so for many generations to come.

And, THANK YOU, our customers...for helping Office Depot recycle more than one million ink and toner cartridges in the past year!
