BRIAN WILLIS • THE BATTALION

While brainstorming ideas in a cardboard conceptual model for a project in John Fairey's environmental design studio, junior Lance Utermark places a stair in place. This is Utermark's first summer session in environmental design after transferring from another school. Summer sessions give transfer students time to catch up on the schedule of architecture majors.

On the flipside, "I'm Good Now" is loaded with catchy hooks and serious topics. The third track, "A Long Way to Get," is a twist on the turns that life takes. "There's a man I've never seen who looks a lot like me/there's a little place called heaven that I probably never see/there's a thing called peace of mind that I've never known/I've got a long way to get before I get back home."

It is difficult to find a song on "I'm Good Now" that isn't playing to the ear and fun for the family. Always pushing the boundaries, each song is different and some could be labeled country while others lean more toward electronic. Before purchasing an album, the buyer can listen to it — interfused with comments about every song — in its entirety on Schneider's Web site, [www.bobschneidermusic.com](http://www.bobschneidermusic.com).

"I'm Good Now" is an interesting, different album that will appeal to Coldplay fans, as well as people that hate kittens, will make you think, want to self-destruct, laugh, cry, but it won't make you wish you were dead.
